1. Purpose and Scope

This manual provides transportability guidance in the shipment or movement of the Lighter, Amphibious, Resupply, Cargo (LARC XV), Self-Propelled, Diesel, Aluminum, 15-Ton, Design 8004 (fig. 1). It covers significant transportability and safety considerations in the movement of the item by the various modes of transport. Included are side-and end-elevation drawings (figs. 2 and 3) and characteristics of the item.

2. Reporting of Recommendations and Comments

Individual users of this manual are encouraged to report errors and omissions and to make recommendations for improving it. Reports should be prepared on DA Form 2028 (Recommended Changes to DA Publications and Blank Forms) and forwarded to Director, Military Traffic Management Command Transportation Engineering Agency, ATTN: MTT-TRP, PO Box 6276, Newport News, VA 23606. (Electrically transmitted messages should be addressed to DIRMTMCTEA FT EUSTIS VA//MTT-TRP//). A reply will be furnished by the Agency.
