SECTION I

INTRODUCTION

1. Scope

This manual list basic issue items, repair parts, special tools and equipment required for the performance of organizational maintenance of the M14 Rifle (National Match) and M14 Rifle (M).

2. General

The Basic Issue Items, Repair Parts and Special Tools List are divided into the following sections:
a. *Basic Issue Items-Section II.* A list of items which accompany the Rifle, M14, NM or

* This manual supersedes TM 9-1005-223-12P, 11 April 1963.

This copy is a reprint which includes current pages from Change 1.

M14(M) and are required by the operator for installation, operation, or maintenance.

b. *Maintenance and Operating Supplies-Section III.* A listing of maintenance and operating supplies required for initial operation.

c. *Prescribed Load Allowances (PLA).* Not applicable.

d. *Repair Parts-Section IV.* A list of repair parts authorized for the performance of maintenance at the organizational level, in figure and item number sequence.

e. *Special Tools and Equipment—Section V.* A list of special tools authorized for the performance of maintenance at the organizational level.

f. *Federal Stock Number and Reference Number Index—Section VI.* A list of Federal stock numbers in ascending numerical sequence, followed by a list of reference numbers appearing in all the listings, in ascending alpha-numeric sequence, cross referenced to the illustration figure number and item number.

3. Explanation of Columns

The following provides an explanation of columns in the tabular lists in Sections II, IV, and V.

a. *Source, Maintenance, and Recoverability Codes (SMR).*

(1) *Source Code.* Indicates the selection status and source for the listed item. Source codes are:

Code	Explanation
A	Applied to assemblies which are not procured or stocked as such but are made up of two or more units, each of which carry individual stock numbers and descriptions and are procured and stocked and can be assembled by units at indicated maintenance categories.
C	Applied to repair parts authorized for local procurement. If not obtainable from local procurement, such repair parts will be requisitioned through normal supply channels with a supporting statement of nonavailability from local procurement.
P	Applied to repair parts which are stocked in or supplied from Army supply system.
X1	Applied to repair parts which are not procured or stocked the requirement

for which will be supplied by use of next higher assembly or component.

(2) *Maintenance Code.* Indicates the lowest category of maintenance authorized to install the listed item. The maintenance level codes are:

Code	Explanation
C	Operator/crew
O	Organizational Maintenance

(3) *Recoverability Code.* Indicates whether unserviceable items should be returned for recovery or salvage. Items not coded are expendable. Recoverability code is:

Code	Explanation
R	Applied to repair parts and assemblies which are economically repairable and are furnished by supply on an exchange basis.

b. *Federal Stock Number.* Indicates the Federal stock number assigned to the item and will be used for requisitioning purposes.

c. *Description.* Indicates the Federal item name and any additional description of the item required. The abbreviation "w/e" when used as a part of the nomenclature indicates the Federal stock number includes all armament, equipment, accessories, and repair parts issued with the item. A part number or other reference number is followed by the applicable five digit Federal supply code for manufacturer in parentheses.

d. *Unit of Measure (U/M).* A 2 character alphabetic abbreviation indicating the amount or quantity of the item, upon which the allowances are based, e.g., ft, ea, pr, etc.

e. *Quantity Incorporated in Unit.* Indicates the quantity of the item used in an assembly or group.

f. *Quantity Furnished with the Equipment.* Indicates the quantity of an item furnished with the equipment (BIIL only).

g. *15-Day Organizational Maintenance Allowances.* Indicates the total quantity of an item required to be on hand and necessary for maintenance of the equipment. Items to be requisitioned, as required, are indicated by an asterisk.

h. *Illustration.*

(1) *Figure Number.* Indicates the figure number of the illustration in which the item is shown.

(2) *Item Number.* Indicates the callout number used to reference the item in the illustration.
